

# Make Aotearoa the best-understood coastline in the world

## STEP 1

### Join the Marine Metre<sup>2</sup> community

- ▶ Download the datasheets for Mm<sup>2</sup> or transect surveys
- ▶ Check out resources including Shore Guides and Photogrammetry
- ▶ Watch short videos about Mm<sup>2</sup> and marine life

## STEP 2

### Do a seashore survey

- ▶ Check the low tide time, take your gear and datasheet with you
- ▶ Count and record the animals and plants in your metre square
- ▶ Take photos using the Polycam App so you can create a 3-D model

## STEP 3

### Share your findings

- ▶ Go to the Mm2.net.nz website and enter what you found
- ▶ Check your findings against the 3-D polycam model
- ▶ Use the tools to graph your data and compare with other surveys
